

# MY LAST SOUNDTRACK

My Last Soundtrack is partnering with organizations and professionals interested in helping their clients have those difficult but necessary end-of-life conversations, while giving them a fun and empowering tool to craft their online legacies. We are especially interested in working with:

- Hospice Organizations
- Estate Planning and Eldercare Attorneys
- Financial Planners
- Assisted Living Homes
- Senior Organizations and Communities
- Life Insurance Agents
- Funeral Home Directors
- Cemetery Directors
- Anyone working in the end-of-life (or planning for end-of-life) space who wants to help move their clients from a place of reluctance to talk about these issues toward an active willingness to do so

You can use *MLS* to offer a meaningful gift to your clients, raise funds for your organization, or earn some extra passive income. Most of all, you can help your clients create and publish their own legacies, on their own terms, bringing them a meaningful sense of fulfillment and peace of mind.

Contact Sue directly at [sue@mylastsoundtrack.com](mailto:sue@mylastsoundtrack.com) if you're interested in learning more about our Partner Programs.
